Dear Hansen,

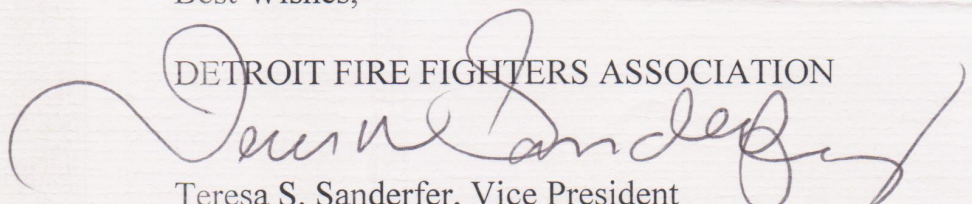

Thank you for answering the questionnaire we recently sent to you with subjects relevant to the fire fighting membership.

Because of your commitment to fair and impartial administration of justice, we have agreed to honor your request. Thereby, supporting your candidacy and providing you permission to use our name as a favorable endorser.

As we navigate within the sometimes complicated campaign process, we certainly wish to maintain the relationships established with individuals who are dedicated to integrity. The political arena needs more dedicated workers like you.

Best Wishes,
